
PUBLIC NOTICE

**PUBLIC NOTICE
STATE OF WYOMING
Department of Environmental Quality/Division of Air Quality
Air Pollution Source
Draft Operating Permit**

Chapter 6, Section 3 (d)(ix) of the Wyoming Air Quality Standards and Regulations provides, prior to final determination on an application for a Chapter 6, Section 3 operating permit, opportunity be given for public comment and public hearing on the information submitted by the owner or operator and on the draft permit. The regulation further requires such information be made available to the public and the public be allowed a period of thirty (30) days to submit comments. A public hearing will be conducted only if, in the opinion of the Administrator, sufficient interest is generated or if an aggrieved party requests a hearing within the 30 day public comment period.

Chapter 6, Section 3 does not impose new substantive requirements on an air pollution source but does require sources subject to the Operating Permit Program obtain a renewable operating permit that clarifies in a single document which air quality requirements apply to the source and provides methods for assessing the source's compliance with those requirements.

Notice is hereby given the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to issue a renewed Chapter 6, Section 3 operating permit to the following applicant for the Worland Compressor Station in Washakie County, Wyoming:

WBI Energy Transmission, Inc.
2010 Montana Avenue
Glendive, Montana 59330

The Worland Compressor Station is located in Section 16, Township 48 North, Range 92 West, Washakie County, Wyoming (approximately 9 miles north of Worland, Wyoming). The facility is involved in the compression of natural gas for transmission. The pollutants of primary concern from this facility are Nitrogen Oxides (NOX), Carbon Monoxide (CO), Volatile Organic Compounds (VOCs), and Hazardous Air Pollutants (HAPs).

The Division's Operating Permit contact is Lori Bocchino, Operating Permit Program Manager, Division of Air Quality, Department of Environmental Quality, 200 West 17th Street, Cheyenne, Wyoming 82002 at (307) 777-3784. Interested parties may examine the draft permit, the application, all relevant supporting materials and all other materials related to the permit decision at the Division's Cheyenne office or the Division's Lander Field Office located at 510 Meadowview Drive, Lander, Wyoming, (307) 332-6755. Arrangements can be made with the Division to copy relevant materials, if necessary (a fee will be assessed for reproductions). In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities. Additionally, a complete copy of the draft operating permit and the associated statement of basis for the facility can be found on the Division's website at:

<http://deq.wyoming.gov/aqd/title-v-operating-permit-program/resources/public-comment/>

Public comments must be received by no later than 5:00 p.m. local time (Mountain) on December 12, 2016. Written public comments or requests for a hearing should be directed to the Administrator, Division of Air Quality, Department of Environmental Quality, 200 West 17th Street, Cheyenne, Wyoming 82002. The FAX number for the Division is (307)635-1784. Comments submitted by email will not be included in the public record. All written comments received by 5:00 p.m. local time (Mountain) on December 12, 2016 will be considered in arriving at a final determination on the issuance of this permit and will be retained on file in the Cheyenne office.
