**PUBLIC NOTICE
STATE OF WYOMING
Department of Environmental Quality/Division of Air Quality
Air Pollution Source
Draft Operating Permit**

Chapter 6, Section 3 (d)(ix) of the Wyoming Air Quality Standards and Regulations provides, prior to final determination on an application for a Chapter 6, Section 3 operating permit, opportunity be given for public comment and public hearing on the information submitted by the owner or operator and on the draft permit. The regulation further requires such information be made available to the public and the public be allowed a period of thirty (30) days to submit comments. A public hearing will be conducted only if, in the opinion of the Administrator, sufficient interest is generated or if an aggrieved party requests a hearing within the 30 day public comment period.

Chapter 6, Section 3 does not impose new substantive requirements on an air pollution source but does require sources subject to the Operating Permit Program obtain a renewable operating permit that clarifies in a single document which air quality requirements apply to the source and provides methods for assessing the source's compliance with those requirements.

Notice is hereby given the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to issue a renewed Chapter 6, Section 3 operating permit to the following applicant for the Worland Factory in Washakie County, Wyoming:
